- Harassment can be for **actual or assumed** characteristics

What Can I Do?

- Report the bullying or harassment incident to the school's "designated employee" for investigation
- Schools must write down your complaint, tell administrators about it, and give you a copy of the bullying/harassment policy
- Ask the designated employee to create a safety plan and send the investigation results to you within one week

Don't Like the School's Decision?

- **Bullying:** Request a stronger safety plan and appropriate interventions for the aggressor
- **Harassment:** Write to the superintendent to demand an "independent review," and/or call the Vermont Human Rights Commission at **1-800-416-2010**
